

EZ REGULATOR MOUNT

The EZ Mount accessory enables a practical and safe wall-mounted installation of any Harris high-purity bar stock cylinder regulator. This simple design allows for right-out-of-the box installation of the regulator assembly onto a wall or structure. The convenient, compact design significantly minimizes the amount of valuable wall space normally required to wall mount regulators.

The EZ Mount accessory is available with a choice of 1 or 2 all stainless steel flexible pigtails in 36", 48" or 72" lengths wall-mount bracket, CGA connection with integrated check valves to prevent contaminants from entering the gas delivery supply during cylinder change out. The mounting brackets are fabricated from 304 stainless steel for durable, long-life service and are suitable for most environments and locations.

Model 721C - 050 - 580 - BER shown

FEATURES

- Compact design minimizes valuable wall space required to wall mount regulators
- Convenient installation - ready to mount right out of box
- Regulator available with a packless diaphragm valve for easy shut off
- Safety & efficiency eliminates the need to handle regulator during cylinder change-outs
- Regulator available with 1/4" or 1/8" outlet compression fittings
- Check valve CGA prevents contaminants from entering gas stream
- Maximum inlet pressure 3000 psig and cleaned to CGA G-4.1

SPECIFICATIONS

Maximum Rated Inlet Pressure 3000 psig

Temperature Range
40°F to +165°F

Weight
2 lbs (without regulator)

Bracket
304 Stainless steel

Pigtail - One or Two
Available lengths are 36", 48" and 72" 316 stainless steel flexible hose (other lengths are available) - special order
