MyLincoln™ Education Checklist

What is the MyLincoln™ Education Checklist?

The MyLincoln™ Education Checklist is a practical tool designed to help educators stay organized and prepared for the academic year. Whether you're getting ready for a new term or managing existing inventory, this checklist makes it easier to identify what you need to order and what you already have on hand. It's a streamlined way to stay on top of classroom requirements and ensure your learning environment is fully equipped for success.

What are the Benefits of Purchasing a Ready-Pak®?

- » **Complete System** – Each bundle was designed with products that work together to provide appropriate fit, protection and performance.
- » **Simplicity & Reduced Hassle** – Saves time from understanding what is needed, picking out individual items and potentially missing an important item. Each Ready-Pak® is ordered by selecting a single part number.
- » **Targeted for Common Applications and Individuals** – Each package was designed with an assortment of products that meet specific criteria:
 - » Usage Rate
 - » Welding / Cutting Processes
 - » Amperage Range
 - » Performance

CUSTOMER ASSISTANCE POLICY

The business of The Lincoln Electric Company® is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific processes and/or products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
