

Lincoln Electric is the world leader in the engineering, design, and manufacturing of advanced arc welding solutions, automated joining, assembly and cutting systems, plasma and oxy-fuel cutting equipment, and has a leading global position in brazing and soldering alloys. Lincoln is recognized as the Welding Expert™ for its leading materials science, software development, automation engineering, and application expertise, which advance customers' fabrication capabilities to help them build a better world. Headquartered in Cleveland, Ohio, Lincoln Electric is a \$3.8B publicly traded company (NASDAQ:LECO) with over 11,000 employees around the world, with operations in over 71 manufacturing locations in 20 countries.

*You will join the Weartech, Port Talbot team which is comprised of passionate people. We offer continuous learning and education opportunities and put emphasis on continued improvement, growth, and career progression. We offer a competitive total compensation package.*

## ABOUT THE ROLES

We have a number of vacancies at our Port Talbot site, the purpose of these roles vary and include:

### ❖ Rod Processors

Operating machinery to process rod cast material meeting production targets and quality standards.

### ❖ Materials Technician

Be the main point of contact for the Charge Make Up area during the core production hours, whilst issuing raw material, making up charges, managing stock levels and ensuring the safe storage of materials.

### ❖ Hammer Operator

Organising material to the required lengths and preparing the work area in order for material to go on to the next stage in the production process.

## WHAT WILL YOU BRING TO THE ROLE?

- Experience in the manufacturing industry
- Willingness to learn
- Illustrate basic skills and soft skills
- To demonstrate good communication skills
- To work within a team environment
