90i FC WELD-PAK®

FLUX-CORED WELDING

The first welder designed to be your first welder.

The Weld-Pak® 90i FC is an ultra-portable inverter based welder that is rugged enough for hardworking professionals, but easy for anyone to use regardless of skill level.

Weighing in at 15 pounds, this unit may be mini but this inverter welder is mighty - weld up to 1/4" material using the flux-cored process. The 90i FC can be used anywhere there is 120 volt household power.

The WELD-PAK® 90i FC features a simple two knob operator interface and has built in thermal protection.

Rugged, Dependable, Legacy Driven — Find the WELD-PAK® 90iFC online or instore at retailer locations.

Restore/Repair

90i FC SIMPLE USER INTERFACE AND CONTROLS

1. Over-the-shoulder carrying strap for transporting welder
2. Voltage and wire-speed knobs with built-in indicators
3. Impact-resistant front protects controls and connectors
4. Vented front for pull through fan cooling
5. Toolless polarity changes for MIG and Flux-cored welding processes
6. Built in thermal protection with LED indicator
7. Hard-wired welding gun connection, resists corrosion and provides maximum electrical connection.
8. 18 gauge metal case provides protection from the elements
9. Quarter-turn fixed-pressure wire spool tensioner for toolless welding wire changes
10. Drive tension adjustment knob
11. Dual-track (smooth and knurled) drive rolls ensures positive solid and flux-cored wire feeding
12. Fast-feed wire loading switch to assist in loading welding wire.

WHAT'S INCLUDED

Ground clamp with 6 foot (1.8 m) work cable

Attached MIG gun
Includes 6 ft. (1.8 m) cable assembly

An intuitive user interface and easy setup
Allows for welding in no time with either MIG or flux cored processes.

Built in thermal protection
with LED indicator

Contact tips, nozzles and drive roll

- .030 in. (0.7 mm) contact tips (Qty. 1) (KH711)
- .035 in. (0.9 mm) contact tips (Qty. 1) (KH712)
- Gasless nozzle for Innershield® welding (KH726) pre-installed on gun
- Drive roll, Flux-cored .030-.035 (Qty 1) (KP5373) pre-installed in welder

RECOMMENDED ACCESSORIES

GENERAL OPTIONS

Welding Cart

Full-featured cart is designed to store and transport a welder, 80 cubic foot gas cylinder, welding cables and accessories. Includes an angled top shelf for easy access to welder controls, a lower tray for added storage space, and a sturdy handle that can also be used as a convenient cable wrap hanger. **(P/N: K2275-3)**

PROTECTIVE GEAR

Welding and cutting can be fun, but without taking the proper safety precautions, you can risk injury. By following the manufacturer's recommended safety protocols, you can count on years of enjoyment without any unnecessary danger.

Lincoln Electric offers a full line of personal protection equipment (PPE) to keep you safe while welding and cutting.
