THE AUTOMATIC SWITCHOVER SYSTEM WITH SMART TECH

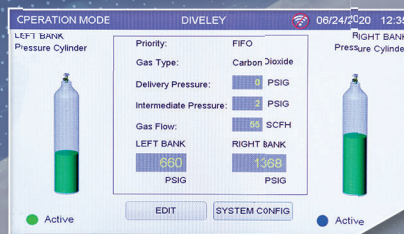

For analytical laboratories, data is at the heart of everything you do. That is why the DataSMART™ is so perfectly suited for your high-purity, specialty gas systems. More than just an automatic switchover manifold, DataSMART™ collects and reports usage data for easy analysis. Choose the smart solution for managing your gas supply and lab operations.

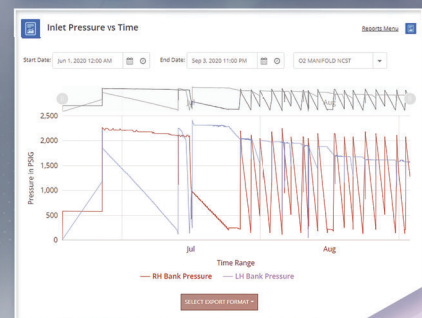

PERFECT FOR

- + Gas Chromatography
- + Mass Spectrometry
- + CO₂ Incubators
- + High-Purity Specialty Gas

EASY-TO-USE TOUCH SCREEN SETUP
