

A HARRIS PORT-A-TORCH®

CONTAINS ALL THE QUALITY EQUIPMENT NEEDED FOR CUTTING, WELDING AND BRAZING PACKAGED IN A RUGGED, MOLDED CARRYING CASE.

The outfit is designed to carry one MC acetylene cylinder and one 20 cu. ft. oxygen cylinder. As supplied, the outfit is capable of cutting up to a 1" plate and welding up to a 1/16" plate. Using larger tips and an acetylene cylinder the outfit can cut up to a 4" plate and weld up to a 1/2" plate.

TOOLBAG FEATURES

- Heavy-duty, weather-proof and flame retardant tool bag
- Double stitched shoulder strap with metal clasp for easy carrying
- Bottom features 4 non-skid feet and grommet for drainage
- Storage pocket with heavy duty Velcro® closure
- High impact, light weight, weather-proof polycarbonate frame
- Embroidered Harris logo
- Tip proof frame has tank straps with D-closure clasp, cups and cage that are molded into the frame to secure cylinders

EQUIPMENT FEATURES

- All outfit components are industrial grade for professional use.
- Cutting attachments feature solid forged heads that resist flashback damage, triangular stainless steel tubes with brazed connections for added strength, solid brass forged levers for quick handle connection and a lock ring that secures torch nut in place to protect connector from damage.
- Torch handles feature silver-brazed, twin-tube construction for safety and durability and easily replaceable Flashguard® checkvalves.
- Regulators are equipped with an encapsulated teflon seat for safety and extended service life and are made in the USA.
- Two-piece cutting tip is easy to clean and produces higher preheats and is manufactured with a beryllium copper shell to withstand higher heat with no damage to the tip.
- Welding mixer fits tip sizes 0-10 and are designed with lock ring to protect mixer seat from damage.
- Welding goggles are designed to accommodate prescription eye wear and take universal 2 x 4 1/4 replacement lenses.
- Instruction manual included with all outfits.
