

WELDING & CUTTING PRODUCTS

Rental Equipment

Reliable
Easy to Order
Easy to Maintain
Complete Suite of Rental Products
115V Input

K3963-1

POWER MIG[®] 210MP

Portable, multi-process welder

- Versatile, Rugged, Simple to Use
- Take it Everywhere, Plug in Anywhere
- Ready.Set.Weld to simplify weld settings
- MIG up to 5/16" mild steel/stainless or 3/16" aluminum
- FCAW for bigger jobs
- Stick weld with up to 5/32" electrodes
- DC TIG weld with Touch Start TIG technology

Processes: MIG, Flux-Cored, DC Stick, DC TIG

K5126-1

SQUARE WAVE[®] TIG 200

Portable, AC/DC TIG welder

- Smooth and stable AC TIG welding on aluminum and DC TIG welding on steel, stainless steel and chrome-moly
- User friendly interface enables the operators to set it, forget it and weld
- Easy to use advanced features like Pulse
- Take it Everywhere, Plug in Anywhere
- Stick welding capability for outdoor work or thicker materials

Processes: AC/DC TIG, Stick

K3458-1

RANGER[®] 260MPX[™]

Compact, Engine Driven Welder/
Generator (Gasoline)

- Smaller, Smarter, Lighter and Quieter than anything in it's class
- 9.5kW of Clean AC generator power
- Run generator power and weld at the same time, without interruption
- Easy to read digital screen with simple push-and-turn controls
- Ready.Set.Weld technology simplifies setup with recommended settings
- Maintenance alerts to keep you informed when service is needed

Processes: Stick, TIG, MIG, Flux-Cored

K3972-5

X-TRACTOR[®] Mini Portable Welding Fume Extractor

- Light weight, durable construction, portable design
- Effectively removes weld fume particulate
- 99.7% filter unit efficiency
- Features include Current Sensor, Multiple Extraction Settings, and System Airflow Check
- Easy to reorder filters

Processes: Stick (Light Duty), TIG, MIG, Flux-Cored (Light Duty)

K2806-1

TOMAHAWK[®] 375 AIR Portable Plasma cutter

- Internal air compressor for ultimate portability
- Touch Start System provides reliable arc initiation without high frequency
- Rapid Arc Restrike for fast cutting through gaps, even extended metal
- 208/230V, 1-Phase
- Cool operation for long consumable life
- 1/2" Sever Cut; 3/8" Maximum Cut; 5/16" Rated Cut

Processes: Plasma cutting for mild steel, stainless steel, aluminum, brass, copper

K1727-4

RANGER[®] 305D Diesel Power, Expanded Capabilities

- Industrial diesel engine with multi-process capability
- Compact case
- Easy to select and change processes
- 10kW Peak [9.5kW Continuous] 1-Phase AC generator power

Processes: Stick, TIG, MIG, Flux-Cored

Additional Rent Ready models include fully assembled Ready-Paks with trailers and accessories.

K2409-5

VANTAGE[®] 322 COMPACT. MULTI-PROCESS. EXCELLENT VALUE.

- Industrial diesel engine with multi-process capability
- Compact case with stainless steel enclose
- Easy to select and change processes
- 12.5kW Peak [11kW Continuous] 3-Phase 240V AC generator power
- 11.5kW Peak [10kW Continuous] 1-Phase AC generator power

Processes: Stick, TIG, MIG, Flux-Cored, Gouging

Additional Rent Ready models include fully assembled Ready-Paks with trailers and accessories.

The operation of welding fume control equipment is affected by various factors including proper use and positioning of the equipment, maintenance of the equipment and the specific welding procedure and application involved. Worker exposure level should be checked upon installation and periodically thereafter to be certain it is within applicable OSHA PEL and ACGIH TLV limits.

CUSTOMER ASSISTANCE POLICY

The business of The Lincoln Electric Company® is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.

Subject to Change – This information is accurate to the best of our knowledge at the time of printing. Please refer to www.lincolnelectric.com for any updated information.
