

MAGNUM[®] PRO GUNS AND TORCHES PARTNERSHIP PROGRAM

10% DISCOUNT OFF MAGNUM PRO GUNS, TORCHES, AND EXPENDABLES

Free Showroom Display and Continual Margin Expansion

HOW IT WORKS:

1. Lincoln Electric & Distributor enter into a partnership agreement. See addendum for more information.
2. Distributor orders and maintains placement of the display and display package products in a minimum of 50% of their sold-to store locations.
3. Distributor will automatically receive an additional 10% discount on subsequent orders of Magnum PRO Guns, Torches, and Expendables for 100% of their sold-to store locations.
4. Distributor must submit twice annual audit form confirming continued placement of the display and display package products in 50% or more sold-to store locations.

CUSTOMER ASSISTANCE POLICY

The business of Lincoln Electric is manufacturing and selling high quality welding equipment, automated welding systems, consumables, and cutting equipment. Our challenge is to meet the needs of our customers, who are experts in their fields, and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or technical information about their use of our products. Our employees respond to inquiries to the best of their ability based on information and specifications provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment, or to provide engineering advice in relation to a specific situation. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or communications. Moreover, the provision of such information or technical information does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or technical information, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose or any other equivalent or similar warranty is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the definition of specifications, and the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
