

HOSE PACK DRESS-OUT KITS FOR ROBOTIC ARM SOLUTIONS

ENCLOSED HOSE-PACK. FULLY ASSEMBLED. EASY TO INSTALL.

Dress-out Kit for Fanuc® 100iD

Simple bracket and clamp installation

Enclosed cable connection

Main hose-pack with minimal hardware

KEY FEATURES

- All the parts you need to complete your Lincoln Electric® robotic welding solution
- Pre-assembled hose package and brackets to drastically reduce assembly time.
- Standardize your dress-out process for multiple robotic arm installations
- Rugged design for unsurpassed reliability
- Minimal hardware for fast and easy installation
- Enclosed hose-pack to protect cables and increase durability
- High Flex 3/0 Welding Cable
- J1 Axis Disconnect
- Spare pull cord for installing additional cables in hose-pack

COMPATIBLE ROBOTIC ARMS

- Fanuc®

COMPATIBLE WIRE FEEDERS

- AutoDrive® 4R100
- AutoDrive 4R220

	AutoDrive 4R220	

CUSTOMER ASSISTANCE POLICY

The business of Lincoln Electric is manufacturing and selling high quality welding equipment, automated welding systems, consumables, and cutting equipment. Our challenge is to meet the needs of our customers, who are experts in their fields, and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or technical information about their use of our products. Our employees respond to inquiries to the best of their ability based on information and specifications provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment, or to provide engineering advice in relation to a specific situation. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or communications. Moreover, the provision of such information or technical information does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or technical information, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose or any other equivalent or similar warranty is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the definition of specifications, and the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
