FLEXCUT®
PLASMA CUTTERS

LINCOLN ELECTRIC

The Lincoln Electric Difference

Easy to Buy

- Same-Day-Shipping on parts
- Expert Support Team
- Online Plasma Resource Center

Easy to Use

- Recommended Cutting Guides
- FlexConnect™ Torch System
- Long Lasting Consumables

Easy to Service

- Industry Trusted 5 Year Warranty
- Hassle Free Torch Replacement
- Dedicated Plasma Support

Why FlexCut?

From Power On to Precision Cutting in Seconds.

Don't waste time with complicated setup. With FlexCut™, you're ready to cut in seconds.

One Torch. Endless Flexibility.

Simplify your set-up with one torch for all your tasks – and all your machines.

More Cuts. Less Cost. Zero Hassle.

FlexCut™ consumables are engineered for maximum life and effortless replacement, so you spend less time on maintenance and more time cutting.

Rugged Design. Ready to Work.

From the inside out, FlexCut™ is designed for real-world cutting environments.

Confidence in Every Cut.

FlexCut™ delivers performance you can count on, with steady, reliable cutting power, high-duty cycles and continuous output, so you can tackle any job without interruptions.

Backed by Unmatched Expertise.

When you choose FlexCut™, you're not just buying a machine—you're gaining excellent service and support.

Customer Assistance Policy

The business of Lincoln Electric is manufacturing and selling high quality welding equipment, automated welding systems, consumables, cutting equipment and EV charging systems. Our challenge is to meet the needs of our customers, who are experts in their fields, and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or technical information about their use of our products. Our employees respond to inquiries to the best of their ability based on information and specifications provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment, or to provide engineering advice in relation to a specific situation or application. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or communications. Moreover, the provision of such information or technical information does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or technical information, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose or any other equivalent or similar warranty is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the definition of specifications, and the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
