

# Lincoln Electric Supports Education Education Resource & Purchasing Portal

The Lincoln Electric Education Resource & Purchasing Portal allows qualified schools to obtain welding program supplies and educational resources necessary to instruct future skilled trades personnel in the craft and science of welding.

The web-based 24/7 access portal allows the instructor to download resources like basic curriculum and safety materials, videos and training documentation. Schools can also obtain exceptional pricing on premium welding electrode and wire, welding gear, guns and expendable parts, fume extraction filters and more.

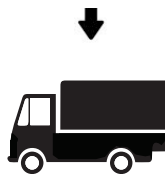

## HERE'S HOW THE PROGRAM WORKS:

Qualified Schools<sup>2</sup> can register to participate in the Lincoln Electric Education Resource & Purchasing Portal. Tax exempt organizations will be required to upload an exemption certificate at the time of registration.

Log on to myLincoln to place online orders for welding consumables, personal protection gear, expendable parts and accessories. Special program pricing applies to online orders only. During the checkout process, select your preferred partner from a list of local eligible distributors. (One distributor per school location)

Lincoln Electric will ship the order directly to your school. \$1,200 minimum for freight prepaid for most areas, otherwise a freight quote can be provided. An additional \$0.05/lb will be added to all orders in BC, AB and SK. Please contact your rep for details.

# ORDERING IS EASY!

Visit [lincolnelectric.com/education](http://lincolnelectric.com/education) to start the registration process.

<sup>1</sup> All products are intended for education purposes. Participating educational institutions may not resell to any third party. Program available only in Canada

<sup>2</sup> A Qualified School is an educational facility that teaches welding. This excludes manufacturing customers with in-house welding programs.

## Benefits:

- » Access a variety of classroom training and safety materials
- » Stream educational videos from a secure and approved portal
- » Exclusive educational pricing on premium electrode and wire as low as a \$1.35/lb.
- » Special pricing on personal protection gear, expendable parts and Magnum® accessories
- » 24/7 online order process and access to order history and tracking information
- » Affiliate online purchases with a participating distributor
- » Instant Credit Limit applied to your account for immediate purchasing
- » Free Shipping on Online Orders greater than \$1,200 for Canada (See shipping policy)

For questions or inquiries about the program, call **1-800-268-6114**

All other consumables listed in the Welding Consumables Catalog (C1.10) available at discount pricing.

Personal Protection Gear (Welding Helmets, Welding Apparel and More) Examples:

VIKING™ WELDING  
HELMETS STARTING AT  
**\$109**

RETAIL WELDING HELMETS  
STARTING AT  
**\$98**

RED LINE™ WELDING JACKETS  
STARTING AT  
**\$34**

RED LINE™ FACIAL PROTECTION  
STARTING AT  
**\$1.81**

RED LINE™ CAPS  
& DOO RAGS  
STARTING AT  
**\$2.91**

WELDING GEAR READY-PAKS®  
STARTING AT  
**\$181**

RED LINE™ WELDING GLOVES  
STARTING AT  
**\$11.34**

Education Resource & Purchasing Portal: Products and Pricing

Welding Tools (Brushes, Magnetic Fixtures and More) Examples:

RADIUS™ HAND TOOLS  
AND FIXTURES  
STARTING AT  
**\$52**

RADIUS™ BRUSHES STARTING AT  
**\$0.70**

Welding Guns and Torches Examples:

MAGNUM® PRO MIG GUNS  
STARTING AT  
**\$195**

PRO-TORCH™ TIG TORCHES  
STARTING AT  
**\$71**

Gun and Torch Expendable Parts (Contact Tips, Nozzles and More) Examples:

MAGNUM® PRO CONTACT TIPS  
STARTING AT  
**\$0.86**

MAGNUM® PRO DRIVE ROLLS  
STARTING AT  
**\$6.92**

MAGNUM® PRO CABLE LINERS  
STARTING AT  
**\$15**
