

BRAZE TRAINING

HARRIS PRODUCTS GROUP

The Harris Products Group is happy to offer the opportunity to with brazing and offer a free brazing audit in your facility.

to assist

Harris has been manufacturing quality braze filler metals in the United States for over 50 years. We are leaders in developing brazing and soldering products to meet the industry needs for new metal joining methods. We are certified to ISO 9001 and ISO 14000 standards. We have developed proprietary manufacturing technology to ensure the highest standards of quality and traceability.

WHAT THE SERVICE INCLUDES:

BRAZE AUDIT

Our full brazing audit is a detailed audit aimed at either validating your current process or identifying deficiencies for future improvement. In that process, includes:

- ✓ One full day of on-site training
- ✓ Follow materials from receiving to shipping, noting each step in between.
- ✓ Survey your operators to understand their experience, duties, challenges and job structure.
- ✓ A full DCR (Documented Cost Reduction) report of our findings and suggestions.

BRAZE TRAINING AGENDA

This training event is best for organizations that utilize a “train-the-trainer” approach or for a small number of personnel. The workshop lets participants meet additional Harris support staff and summary report of training and recommendations.

- ✓ One full day of on-site training.
- ✓ Classroom & hands-on training conducted by 2-3 Harris representatives.
- ✓ Gas apparatus safety / usage
- ✓ Brazing / soldering of various base materials with appropriate filler metals
- ✓ The Harris alloys, fluxes, equipment & some practice coupons.
- ✓ Application / Hands-on Test
