

PENCIL FLAME TORCH

The Harris Model 30 Pencil Flame torch is designed for a variety of uses such as small diameter tube soldering, light heating and for thawing frozen pipes. The torch features all brass construction which will provide years of safe and dependable service. The torch is compact enough to use in smaller places where a larger torch is not feasible. The Model 30 pencil flame torch requires manual lighting using an approved igniter. It is designed to be used with propane and Map Pro[®] cylinders (both sold separately.)

Part No. 1401730

Part No. 4300672

\$20.45 ea.
Torch and cylinder
sold in buy packs of 3
