

HELIX M85 WELD HEAD

THE BENCHMARK FOR MULTI-PROCESS MECHANIZED WELDING

KEY FEATURES

The HELIX® M85 is the first next-generation orbital welding head. It incorporates digital capabilities in an intuitive ergonomic design, bringing the best-in-class for all of your orbital and plate welding needs from GMAW and FCAW to GTAW and Hot Wire Laser.

The HELIX M85 weld head removes the steep learning curve that is required with most other orbital equipment due to its clean design. All of the motors and harnesses are packaged inside the weld head, reducing visual confusion when working in the shop and providing protection from harsh environments when out in the field. The red color coding makes it easy for new operators to identify where adjustments to the weld head can be made.

With a light weight, compact and durable design, the M85 weld head's low axial clearance enables welding close to flanges and other obstructions near the joint. An inclinometer is included in its mechanics and major upgrades can be accomplished with limited technical capability due to the digital nature of the weld head. To add onboard wire-feeding capability, only a simple Allen wrench is required. Everything else just plugs in line with the common control cable.

The mechanized APEX® 3 Series welding system sets up quickly and delivers precision calculation and control of travel time, weld distance, weld speed and other essential variables. The HELIX M85 weld head, a central component of this system, provides consistent, high quality results with little or no time wasted on setup or rework.

Processes »
GMAW/FCAW, GTAW,
HOT WIRE GTAW

Applications »
Fabrication, Pipeline,
Power Generation,
Pressure Vessels, Process Pipe

Input »

Product Number »
K52101-1

PRODUCT SPECIFICATIONS

Product Name	Product Number	Input Power	Input Current	Travel Speed ipm (mm)	Clearance - in (mm)		Oscillation Stroke in. (mm)	Motorized Height Control Stroke in (mm)	Lead/Lag	Torch Tilt		H x W x D in (mm)
					Radial	Axial				In	Out	
HELIX® M85 Weld Head	K52101-1	24V DC	9A Max	0.1 min-120 max (2.54 min-3048 max)	8.5 (215.9)	19.75 (501.7)	2.00 (50.8)	2.00 (50.8)	360°	60° max	30° max	8.33 x 14.25 x 6.85 (211.6 x 362.0 x 174.0)

RECOMMENDED ACCESSORIES

DESCRIPTION		Product Number
HELIX M85 WELD HEAD AND ACCESSORIES		
Torch Dropper 5 in (127 mm)		KP52164-05
Torch Dropper 8 in (203 mm)		KP52164-08
Torch Dropper 10 in (254 mm)		KP52164-10
Torch Holder Assembly 1.25 in (31.8mm)		K52222-125
Torch Holder Assembly 1.38 in (34.9 mm)		K52222-138
Torch Holder Assembly 1.50 in (38.1 mm)		K52222-150
Universal Torch Holder		K52242-1
HELIX Control Cable, 15 ft. (4.6 m)		K52107-15
HELIX Control Cable, 25 ft. (7.6 m)		K52107-25
HELIX Control Cable, 50 ft. (15.2 m)		K52107-50
HELIX M85 TORCHES		
Magnum PRO 550 Mechanized 15 ft (4.6 m) cable length	GMAW	K52106-15
Magnum PRO 550 Mechanized 25 ft (7.6 m) cable length	GMAW	K52106-25
Magnum PRO 550 Mechanized 10 in barrel (254 mm) 15 ft (4.6 m) cable length	GMAW	K52153-15
Magnum PRO 550 Mechanized 10 in barrel (254 mm) 25 ft (7.6 m) cable length	GMAW	K52153-25
Magnum PRO 550 LP12 Mechanized 25 ft (7.6 m) cable length	GMAW	K52223-25
PTW-18M-500 Mechanized 25 ft (7.6 m) cable length	GTAW	K52229-25
Wire Guide Torch Clamp Kit	GTAW	K52232-1
HELIX M85 ONBOARD WIRE FEEDERS & WIRE MANIPULATOR KITS		
HELIX SF70A-1 M85 Onboard Wire Feeder	GMAW	K52230-1
HELIX SF70A-2 M85 Onboard Wire Feeder	GMAW	K52230-2
HELIX SF70A-1 M85 Onboard Wire Feeder & Wire Manipulator Kit	GTAW	K52245-1
HELIX SF70A-2 M85 Onboard Wire Feeder & Wire Manipulator Kit	GTAW	K52245-2

HELIX M85 Weld Head shown with: K52106-15 Torch

HELIX M85 Weld Head shown with: K52230-1 Wire Feeder and K52223-25 Torch

HELIX M85 Weld Head shown with: K52245-1, Onboard Wire Feeder & Wire Manipulator Kit
K52229-25, Torch
K52222-138, Torch Holder
K52245-2, Onboard Wire Feeder & Wire Manipulator Kit
K52232-1, Wire Guide Torch Clamp Kit

CUSTOMER ASSISTANCE POLICY

The business of The Lincoln Electric Company is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.

Subject to Change – This information is accurate to the best of our knowledge at the time of printing. Please refer to www.lincolnelectric.com for any updated information.
