

POWER MIG® 211i

MIG WELDER

Shown:
POWER MIG 211i, K6080-1

SOLID, DEPENDABLE WELDING

The POWER MIG® 211i MIG welder is a straightforward and dependable machine that's ideal for MIG and flux-cored welding. This reliable diehard is your best friend on the farm, in the small shop, or for maintenance and repair work. The seven-segment display with basic knob controls and a simple three-step setup process gets you welding quickly – and when it's time to move, the sleek case with multiple lift points make it extremely portable. If you're looking for an incredibly simple, reliable MIG welder that won't break the bank, the POWER MIG 211i MIG welder is ready to go to work for you.

VALUE-ADDED FEATURES

- **Simple User Interface** - Seven-segment display with basic knob controls.
- **Process Capabilities** - MIG, Flux-Cored and Spool Gun.
- **Dual Input Voltage** - 120V and 230V inputs so you can plug into any common power supply.
- **Ergonomic Case** - Sleek and robust case design with multiple lift points for ease of mobility around the shop.
- **Robust and Reliable Wire Drive** - Ensures proper and consistent feeding for optimal welding experience.
- **Lightweight and Portable** - Only 41 lbs.

KEY CONTROLS

1. Ergonomic Front Handle
2. User Interface
3. Twist Mate™ Receptacles
4. On/Off Switch
5. Angled Gun Connection For Improved Feedability
6. 4-Pin MIG Gun Adapter

SIMPLE USER INTERFACE

1. Seven-Segment Display
2. Voltage
3. Diameter
4. Process
5. Wire Feed Speed
6. Material Thickness

MAGNUM® PRO 100L WELDING GUN

The over-molded handle design offers key benefits to the operator:

- Increased Comfort
- Enhanced Grip
- Reduced Hand Fatigue
- Improved Control

WHAT'S INCLUDED

	Base Unit (K6080-1)
Magnum® PRO 100L Gun, 10 ft (3.0 m)	•
120V to 230V Power Cord Adapter	•
Work Cable and Clamp	•
Adjustable Gas Regulator and Hose	•
Gun Cable Liner (pre-installed in gun)	•
Spindle Adapter	•
Sample 2 lb (1 kg) 0.030 Spool of SuperArc® L-56® Mild Steel MIG Wire	•
0.030 in (0.8 mm) Contact Tip (Installed)	•
0.030-0.035 in (0.8 - 0.9 mm) Drive Roll (Installed)	•
0.025 - 0.035 in (0.6 - 0.9 mm) Wire Guide (Installed)	•

RECOMMENDED ACCESSORIES

Utility Cart

Heavy duty cart stores and transports welder, 150 cubic foot shielding gas cylinder, welding cables and accessories. Includes stable platforms for welder and gas bottle platform, lower tray for added storage capacity and adjustable height handle.

Order K520

Magnum® PRO 100SG Spool Gun

Designed to easily feed 4 in. (102 mm) diameter 1 lb. (0.45 kg) spools of .030 in. (0.8 mm) or .035 in. (0.9 mm) diameter SuperGlaze® aluminum MIG wire. Includes gun, adapter kit, .035 in. (0.9 mm) contact tips (qty. 3), gas nozzle, and a 1 lb. (0.45 kg) spool of SuperGlaze® 4043 .035 in. (0.9 mm) MIG wire. Packaged in a convenient carrying case.

Order K3269-1

Welding Fume Extractors

Lincoln offers a wide variety of welding fume extraction environmental system solutions, ranging from portable systems easily wheeled around the shop to shop-wide central systems servicing many dedicated welding stations.

Request Publication E13.40

Small Canvas Cover

Protect your welder when not in use. Made from attractive red canvas that is flame retardant, mildew resistant and water repellent. Includes a convenient side pocket to hold your welding torch or gun.

Order K2377-1

Welding Table and Workbench

Heavy-duty steel welding accessory features a 21 x 44 in. (533 x 1,117 mm) work surface with strategically located 16mm holes for clamps and squaring blocks, along with multiple slots for cutting and clamping.

Order K5334-1

CUSTOMER ASSISTANCE POLICY

The business of Lincoln Electric is manufacturing and selling high quality welding equipment, automated welding systems, consumables, and cutting equipment. Our challenge is to meet the needs of our customers, who are experts in their fields, and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or technical information about their use of our products. Our employees respond to inquiries to the best of their ability based on information and specifications provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment, or to provide engineering advice in relation to a specific situation. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or communications. Moreover, the provision of such information or technical information does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or technical information, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose or any other equivalent or similar warranty is specifically disclaimed. Lincoln Electric is a responsive manufacturer, but the definition of specifications, and the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
